Sung-Tae Hong

Editor-in-Chief, *Journal of Korean Medical Science* (<http://orcid.org/0000-0002-0300-1944>)

In 2016, the editors invited many reviewers over the world and 677 reviewers accepted the invitation and sent back their comments. I, as Editor-in-Chief of the *Journal of Korean Medical Science (JKMS)*, sincerely appreciate their professional efforts and contributions. The *JKMS* published 352 articles in the volume 31 by 12 regular and 2 supplementary issues in 2016. The submissions from December 2015 to November 2016 were 1,214, 401 (33.0%) of them were contributed by overseas authors. The acceptance rate was 20.3% in 2016. The Journal Impact Factor 2015 by the Journal Citation Reports® was reported 1.256 by the

Thomson Reuters, which was on the 49.6% position among 155 journals in the category of medicine in general and internal.

In 2016, the *JKMS* opened one new category 'Biomedical Engineering' and began to recruit manuscripts in the scope. Some minor editing changes were implemented to upgrade its visibility and service to global audience.

Followings are names and affiliations of the reviewers who contributed to *JKMS* in 2016. I would greatly appreciate their professional contributions to the scientific community with *JKMS* by reviewing manuscripts.
