This erratum is being published to correct the proofreading error on page 474 of the article entitled ‘JAK2 V617F and MPL W515L/K Mutations in Korean Patients with Essential Thrombocythemia’ by Kim HJ, Jang JH, Yoo EH, Kim HJ, Ki CS, Kim JW, Kim SH in Korean J Lab Med 2010;30:474–6. DOI 10.3343/kjlm.2010.30.5.474 as follows. The second to the last sentence of the abstract should be corrected as follows,

**Before correction**

The frequencies of the MPL W515L/K and JAK2 V617F-negative mutations in our subjects with ET/post-ET MF were 3.2% (2/63) and 7.1% (2/28), respectively.

**After correction**

Thus, the frequency of MPL W515L/K mutation in Korean patients with ET/post-ET MF was 3.2% (2/63) and that in JAK2 V617F-negative ET/post-ET MF was 7.1% (2/28).
