The effect of different crystallization temperature of the hydroxyapatite coating produced by ion beam-assisted deposition on anodizing-treated titanium disks on human osteosarcoma cells

Hyun-Du Won, DMD, MSD, PhD, Ahran Pae, DMD, MSD, PhD, Richard Leesungbok, DMD, MSD, PhD, Hyeong-Seob Kim, DMD, MSD, PhD, Yi-Hyung Woo*, DMD, MSD, PhD
Department of Prosthodontics, School of Dentistry, Kyung Hee University, Seoul, Korea

There has been a mistake, claimed and confirmed by all the authors of Vol 49(4), 2011, p. 333-340 issue, that first author should have been Hyun-Du Won instead of Ahran Pae.
