► This corrects the article “Feasibility and Therapeutic Effects of a Novel Magnet-Based Device for Hand Rehabilitation: a Pilot Study” in volume 12, number 1, e7.

Brain Neurorehabil 2019;12(1):e7

<https://doi.org/10.12786/bn.2019.12.e7>

In the article, “Feasibility and Therapeutic Effects of a Novel Magnet-Based Device for Hand Rehabilitation: a Pilot Study,” the funding source was missed. The funding should have been written as follows. As the author, I deeply apologize for any inconvenience it may have caused.

Before correction

Funding: This study was supported by a grant of Korean Society for NeuroRehabilitation in 2017.

After correction

Funding: This study was supported by Basic Science Research Program through the National Research Foundation of Korea (NRF) funded by the Ministry of Education (2018R1D1A1A02048673), and a grant of Korean Society for NeuroRehabilitation in 2017.
