In the originally published version of this article, the last line of footnotes was omitted in Table 2.

The footnotes of Table 2 (page 449) are as follows:

"PUMCH: Peking Union Medical College Hospital. \*Three-point severity scale is based on the proportion of involvement of the half-face; mild ( $\leq 1/3$ ), moderate ( $> 1/3, \leq 2/3$ ), severe ( $> 2/3$ )."

We apologize for this error.
