**To the Editor:**

Thank you for publishing our article titled "Clinical characteristics of papillary thyroid carcinoma arising from the pyramidal lobe" in volume 3 of March issue 2017. In the original publication, we found a mistake in funding statement. We performed this study supported by grants from Seoul National University Hospital. At the time of submission, we checked this, but it missed at the publication. We forgot to check it at correction period. The mistake was not due to the editorial office of *Annals of Surgical Treatment and Research*. We attached a corrigendum along with this letter to request for addition of funding statement. We want to add funding statement in ACKNOWLEDGEMENTS section of this article.

Your sincerely,  
**Sang Gab Yoon**

## ACKNOWLEDGEMENTS

This study was supported by grants from Seoul National University Hospital (No. 04-2016-3060).
