

S3 Fig. NUF2 inhibition in HAC15 cells reduces cell proliferation *in vitro*. (A) Relative NUF2 expression in HAC15 cells stably expressing NUF2-targeting shRNA (shNUF2-1 & -2) versus control cells (shControl-1 & -2), measured using reverse transcription quantitative polymerase chain reaction. (B) Relative cell proliferation measured using Cell Counting Kit-8 assay in HAC15 cells stably expressing NUF2-targeting shRNA (shNUF2-1 & -2) versus control cells (shControl-1 & -2).
