

**S5 Table.** Recurrence patterns according to interval

	Interval (day)		p-value
	0-14	15-60	
Local recurrence	7 (8.4)	11 (13.7)	0.279
Systemic recurrence	76 (91.6)	69 (86.3)	
Total	83 (100)	80 (100)	

Values are presented as number (%). Local recurrence refers to recurrence in pelvis and systemic recurrence refers to any recurrences out of pelvis regardless pelvis recurrence.
