Supplemental Data Table S1. Bounds for the observed proportion of results relative to a detection capability claim

Total number of measurements in study (N)	Minimum number of measurements need for verification	Observed proportion boundary (%)
20	17	85
30	26	87
40	35	88
50	44	88
60	54	90
70	63	90
100	91	91
