

**Supplementary Table 1.** Review of Literatures on Adenoma and/or Adenocarcinoma in Interposed Colons

Study	The reported country	Journal title	Sex/ Age	Underlying comorbidity	Location of interposed colon	Onset interval	Histopathology	Tumor stage	Treatment method
Goldsmith et al. (1968) <sup>1</sup>	USA	Ann Surg	F/48	Esophageal cancer	Right	2 yr	Adenocarcinoma	Localized	Surgical resection
Licata et al. (1978) <sup>2</sup>	USA	Lancet	M/51	Benign Stricture	Right	11 yr	Adenocarcinoma	Unresectable	
Haerr et al. (1987) <sup>3</sup>	USA	Cancer	M/72	Esophageal cancer (unresectable)	Right	7 yr	Adenocarcinoma,	Unresectable	Chemoradiation therapy
Houghton et al. (1989) <sup>4</sup>	England	Gut	M/64	Benign Stricture	Right	20 yr	Adenocarcinoma	Localized	Surgical resection
Theille et al. (1991) <sup>5</sup>	Australia	Aust N Z J Surg	M/55	Gastroesophageal junction cancer		12 yr	Adenocarcinoma	Localized	Surgical resection
Lee et al. (1994) <sup>6</sup>	England	J Laryngol Otol	F/75	Postcricoid squamous cell carcinoma		20 yr	Adenocarcinoma	Localized	Surgical resection
Altortjay et al. (1995) <sup>7</sup>	Hungary	Hepato-gastro-enterology	M/70	Benign Stricture	Left	5 yr	Adenocarcinoma	Localized	Surgical resection
Fritscher-Ravens et al. (1999) <sup>8</sup>	Germany	Gastro-intest Endosc	F/62	Esophageal carcinoma	Right	0.6 yr	Adenocarcinoma	Localized	Surgical resection
Goyal et al. (2000) <sup>9</sup>	USA	Dis Colon Rec-tum	M/78	Stomach cancer (cardia)	Right	8 yr	Adenocarcinoma	Localized	Surgical resection
Liau et al. (2004) <sup>10</sup>	Taiwan	Hepato-gastro-enterology	M/78	Esophageal cancer		30 yr	Adenocarcinoma		Chemotherapy
Hsieh et al. (2005) <sup>11</sup>	Taiwan	J Formos Med Assoc	M/57	Benign Stricture	Right	39 yr	Adenocarcinoma		Surgical resection
Roos et al. (2007) <sup>12</sup>	Nederland	Ned Tijdschr Geneesk	M/79	Esophageal cancer	Right	7 yr	Adenocarcinoma	Localized	Surgical resection
Shersher et al. (2011) <sup>13</sup>	USA	Ann Thorac Surg	M/60	Benign Stricture		40 yr	Adenocarcinoma	Localized	Surgical resection
Ramage et al. (2012) <sup>14</sup>	England	Surgeon	F/63	Iatrogenic perforation		8 yr	Tubular adenoma with low grade dysplasia	Localized	Polypectomy
Aryal et al. (2013) <sup>15</sup>	USA	BMJ Case Rep	M/60	Benign stricture	Right	30 yr	Adenocarcinoma	Unresectable	Chemotherapy
Grunner et al. (2013) <sup>16</sup>	Israel	Case Rep Oncol	F/59	Benign stricture	Transverse	56 yr	Adenocarcinoma	Localized	Surgical resection
Cheng et al. (2015) <sup>17</sup>	Taiwan	Endoscopy	F/40	Benign Stricture	Right	15 yr	Adenocarcinoma	Unresectable	Supportive care
Hwang et al. (2007) <sup>18</sup>	Korea	Yonsei Med J	F/60	Benign lye stricture		40 yr	Intramucosal adenocarcinoma	Localized	Endoscopic mucosal resection
Lee et al. (2010) <sup>19</sup>	Korea	Keimyung Medical Journal	M/61	Benign lye stricture	Right	16 yr	Adenocarcinoma	Unresectable	Palliative radiotherapy
Kim et al. (2012) <sup>20</sup>	Korea	Dis Esophagus	F/70	Benign lye stricture	Right	47 yr	Adenocarcinoma	Unresectable	Chemotherapy
Baek et al. (current report)	Korea		F/67	Benign lye stricture	Right	40 yr	Adenocarcinoma	Localized	Endoscopic mucosal resection
